THE MEN AND WOMEN Who Enjoy the Choicest Products of

Than Wealth Without It.

It must be apparent to every one that qualities of the highest order are necessary to enable the best of the products of modern commerce to attain to universal acceptance. However loudly heralded, they may not hope for world-wide pre-eminence unless they meet with the general approval, not of individuals only, but of the many who have the happy faculty of selecting and enjoying the choicest products. Their commendation, consequently, becomes important to others, since to meet the requirements of the well informed of all countries the method of manufacture must be of the most perfect order and the combination the most excel-

where accepted as the best of family laxatives. Its quality is due not only to the excellence of the laxative and carminative principles of plants known to act most beneficially on the system, but also to the method of manufacture of the Galifornia Fig Syrup Co., which ensures that uniformity and purity essential in a remedy intended for family use. It cleanses and sweetens the system effectually, when a laxative is needed, without any unpleasant after effects. To get the beneficial effects of Syrup of Figs and Elixir of Senna, buy the genuine only; the full name of the Company— California Fig Syrup Co.-is printed on the front of every package. Talk about energy!

A half cake of Fels-Naptha soap can display more energy in getting rid of dirt in half an hour than an able-bodied woman can in half a day.

But there's this difference: Much of the woman's energy is wasted.

When she rubs clothes hard on a washboard she wears out the clothes in trying to rub out the dirt.

Fels-Naptha concentrates its energy on the dirt-dissolves it into tiny particles that are easily rinsed away-without harming the most delicate fabric.

And it does this in cool or lukewarm water, without hot water or boiling, summer or winter.

Do you prefer to supply the dirtremoving energy yourself or to use that stored up in a cake of Fels-Naptha?
